

# Olivia Prior

✉ oliviaprior@vhio.net     oliviaprior  
 theanega.github.io     theanega

Last Update: October 2024

## Research Interests

---

Oncology, radiology, imaging intratumoral heterogeneity, machine learning, open-source science.

## Education

---

### Universitat Politècnica de Catalunya

Doctor of Philosophy (PhD) in Biomedical Engineering

Barcelona, Spain

Sep 2021-Present

- La Caixa INPhINIT Retaining Scholar

### University of California, Berkeley

Master in Translational Medicine

Berkeley, CA, USA

Aug 2019-Sep 2020

- GPA: 3.98/4.00
- GRE: 166Q (90th percentile), V164 (94th percentile), 5.0W (92nd percentile)
- Fulbright Scholar

### Universitat de Barcelona

B.S. in Biomedical Engineering

Barcelona, Spain

Sep 2014–Jun 2018

- GPA: 8.50/10.00
- 2 months Biography of Cancer Summer Course at Harvard Summer School
- 5 months Erasmus exchange program at Institute Polytechnic de Grenoble

## Experience

---

### Radiomics Group, Vall d'Hebron Institute of Oncology

Predoctoral Researcher

Barcelona, Spain

Sep 2021-Present

- Developing machine learning pipelines to quantify intratumoral heterogeneity

### NephroSant

Research Intern

San Francisco, USA

Sep 2019-Sep 2020

- Worked at Sarwal Lab on innovative solutions for kidney stone patients

## Publications

---

- Identification of Precise 3D CT Radiomics for Habitat Computation by Machine Learning in Cancer. Prior O, Macarro C, Navarro V, et al. Radiol Artif Intell. 2024;6(2):e230118.
- A whirl of radiomics-based biomarkers in cancer immunotherapy, why is large scale validation still lacking? Ligerio M, Gielen B, Navarro V, et al. npj Precision Oncology; 2024;8(1):42.

## Abstracts

---

- Olivia Prior; Carlos Macarro; Athanasios Grigoriou; et al; Raquel Perez-Lopez. Non-invasive Characterization of Intratumor Heterogeneity: Comparing MRI-Radiomics and Histological Habitats. ISMRM Iberian Chapter (Porto, Portugal, 2024). *Oral presentation.*
- Olivia Prior; Bente Gielen; Marta Ligeró; et al; Raquel Perez-Lopez. Translating Imaging into Insight: Can Radiology and Machine Learning predict Immunotherapy Response in a Multi-Tumor Landscape? ASEICA 40th Anniversary Congress (A Coruña, Spain, 2023). *Oral presentation.*
- Olivia Prior; Francesco Grussu; Carlos Macarro; et al; Raquel Perez-Lopez. Dissecting heterogeneity in liver metastases: an mpMRI and CT approach. ISMRM Iberian Chapter (Valladolid, Spain, 2023). *Poster.*
- Olivia Prior; Kinga Bernatowicz; Marta Ligeró; et al; Raquel Perez-Lopez. Artificial Intelligence for Predicting Response to Standard of Care Therapy in MSS RASmt mCRC Patients. Cancer Core Europe Summer School (Albufeira, Portugal, 2022). *Oral presentation.*
- Olivia Prior; Francesco Grussu; Alonso Garcia-Ruiz; et al; Raquel Perez-Lopez. Decoding liver intra-tumour heterogeneity with co-localised CT and multi-parametric MRI. ISMRM Diffusion MRI Workshop: From Research to Clinic (Amsterdam, The Netherlands, 2022). *Oral presentation.*

## Fellowships & Awards

---

- Best Oral Presentation ISMRM Iberian Chapter (2024)
- Best Poster Presentation ISMRM Iberian Chapter (2023)
- LaCaixa Doctoral INPhINIT Fellowship (2021)
- UC Berkeley Graduate Conference Travel Grant (2019)
- Fulbright Scholarship for Graduate Studies (2018–2020)
- Fundació Catalunya La Pedrera Scholarship (2014)

## Leadership

---

- VHIO PhD Council Founding Member, VHIO (2023-Present)
- Class Representative UB Biomedical Engineering Valedictorian (2016-2018)

## Outreach & Media

---

- Participation in 100tífiques program (2023, 2024) - Podcast El Citoplasma - Desbloquear el poder de la radiología para mejorar el tratamiento contra el cáncer (LaCaixa INPhINIT Fellows)

## Volunteering

---

- Ayuda a la Infancia Sin Recursos - Afrikable - Young IT Girls - Accedeabecas

## Skills

---

- **Languages:** Spanish, Catalan (native) — English (advanced) - TOEFL 118/120 — French (basic) - Niveau B1
- **Programming:** RStudio, Python
